

GRAND SUPERIOR

W *Premium Quality* WINE KITS

Each wine kit type has its own unique wine yeast strain, optimized to complement and enhance the delicate characteristics of the variety. This is an extreme quality wine kit unlike anything you have seen before.

All kits contain separately packed oak chips - different for each wine type - to bring out the complex flavours and aromas of long barrel ageing. For Grand Superior, only the best quality American oak is good enough.

Ready in 4-6 weeks • 23 litres • No sugar required
